APPROVAL OF AGENDA

PUBLIC MEETING – PROPOSED BOUNDARY ADJUSTMENT AREAS - To listen to citizen's comments about the Town's proposed boundary adjustments, as part of the agreement, which would create a Region Water and Sewer Authority.

The proposal from the Town of Culpeper includes an area of more than 1,900 acres and is made up of several areas: an area generally bounded by Rt. 15/29 and Lake Pelham, and an area north and east of Town, including portions of the Northridge Subdivision, the Madison Grove subdivision, Lowe's and the Centre at Culpeper. Also in the Town's proposal is an area along Rt. 15/29 business out to Inlet, and areas near Chandler Street extended, Nalles Mill Road, and McDevitt Drive, inclusive of the Town sewage treatment and public works facility. The proposed boundary adjustment is part of the negotiations between the Town and the County, which would also create a Regional Water and Sewer Authority.
